IEEE requires all authors or their employers who intend to publish in the IEEE Xplore Digital Library to provide a transfer of the copyright. Conference Organizers will continue to contact the IPR Office for all copyright needs and questions. MCE can support any question regarding the initial eCF registration form and packing list creation. Please visit the following URL to learn more about copyright transfer for your conference.

In order to avoid the loss of copyright by IEEE for your publication, the following copyright must appear either on the copyright page for print proceedings or on the first page viewed when the CD-ROM, DVD or USB drive is accessed.
